 THETA CAPITAL MANAGEMENT

Conference theme

Disrupting the Traditional Business Model The Next Generation of Businesses will be Protocols

Are you on board the steepest adoption curve the world has ever seen?

Our **6th Annual Legends4Legends Charity Conference** will take place on **October 27th, 9.00-18.30 CET**, at the **EYE Filmmuseum** in Amsterdam. This year we will explore:

Disrupting the Traditional Business Model: The Next Generation of Businesses will be Protocols

Are you on board the steepest adoption curve the world has ever seen?

Meet our unique line-up of speakers including **more than 15 of the leading crypto-native VCs and founders in blockchain and Web3**. Our panelists will discuss not only how blockchain-enabled protocols have the potential to disrupt more industries than the internet, but **how they disrupt the very concept of a business model**.

Legends4Legends is aimed at **HNW investors and professional allocators** such as wealth managers, family offices, pension funds and endowments to **discuss and learn about the main developments in blockchain technology** and the **investment opportunities** it presents.

Legends4Legends **raises capital for and supports Alternatives4Children**. For more information, visit the [conference website](#).

VIRTUAL PARTICIPATION

Legends4Legends is the leading annual alternatives investor conference in Europe with an in-depth focus on the investment topics of our time. Legends4Legends raises money for Alternatives 4 Children. Alternatives4Children (A4C) is an independent charitable foundation established in 2011 in the Netherlands with the aim to involve professionals from the (Alternative) Financial industry and the conviction that, together, we can make a difference for children in need. Since 2020 we also have a UK registered Chapter and are open to expand in other countries. Our primary focus is on SDG 4; ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. We aim to make a difference for children of all age by supporting small scale projects with high impact potential. Theta Capital is the leading fund of funds program for crypto-native venture capital. Theta has been investing in Blockchain Technology since 2017 and is the first AIFMD licensed manager in the space.
